

# 10 years SHIPO

Southern Highlands Participatory Organization (SHIPO) has bloomed up gradually and in May 2011 gloriously reached its 10 year's date. Donors, beneficiaries and government jointly worked well to realize projects. SHIPO has a board and Management team and also SHIPO is audited yearly by International Auditors. Connect International and PSO Organizations based in Netherlands tirelessly continue capacitating SHIPO to become one of the strongest learning Organizations. SHIPO has all its hands stretched out to meeting friends from all corners. (Oygen Mwalongo)

# SHIPO

SOUTHERN HIGHLANDS PARTICIPATORY ORGANISATION

## NEWSLETTER

### Staff

Through SHIPO I was not only able to improvement lives of others and myself but also to send my sons to higher education. (Marcus Mhagama)

### Office building

In December 2007 SHIPO shifted from the small office offered by government to its newly built office.

2003

### Founders

In 1996 implementation of projects in Ludewa started. In 2001 SHIPO was registered and opened their office in Njombe. Thanks to family members, friends, staff, community members, donors, government authorities and other stake holders; SHIPO has contributed in improving the standards of living of communities in Tanzania by working together through participatory approach. (Protas Mwanyika, Walter & Ester Mgina)

2004

### Coach

As a SHIPO coach I have helped my community in improving welfare in water hygiene and sanitation. (Juliana Mwalongo)

### Education and health

In the last 10 years SHIPO built several School and Dispensary, most of them are handed over to the communities and government. The social phase of each project focuses on sustainability.

2005

### Government

SHIPO is community based organization focusing on final beneficiaries. SHIPO's contribution to the development of people is visible and measurable. The government is proud of SHIPO. (Saleh Msanda, Economist - Njombe Town Council)

2006

SHIPO is committed to work for the development of rural communities and has proved its maturity through good collaboration with the government and other stakeholders in the area. (Emmanuel Kilundo Economist - Njombe District Council)

2007

### Local entrepreneurs

SHIPO has trained hundreds of local entrepreneurs like these borehole drillers in Sept 2006 Njombe town, Mpechi Primary School area.

2008

### Next 10 years

SHIPO's future planes are:

- Support schools in teaching and learning materials
- Build secondary schools among primary
- Expand SMART training center
- Micro credit through Sacco's
- Windmills
- Continue with what we are good in

2009

2010

2011

### Water

SHIPO has provided water to communities with many low cost rope pumps and some big village water gravity schemes.

7 kindergartens, 6 dispensaries, 4 school latrines, 6 rehabilitation
